

# REMOTE ALASKA SOLUTIONS

**Innovative.  
Efficient.  
Sustainable.**

**WITH THE STRENGTH TO  
TAKE ON ALASKA'S  
TOUGHEST ENVIRONMENTS.**

Our Insulated Concrete Form (ICF) construction technology offers the ultimate in strength, disaster resilience, value and energy efficiency. We're Alaska's most experienced installers of industry-leading NUDURA ICF forms.

To purchase forms directly or to learn more about ICF Supply, visit our partners at Alaska Concrete Solutions. [concreteAK.com](http://concreteAK.com)

## CONCRETE CONSTRUCTION SOLUTIONS BUILT TO DEFY MOTHER NATURE

### COMMERCIAL ICF CONSTRUCTION

Insulated Concrete Forms create the perfect Alaskan building envelope for Commercial Hangars, Warehouses, Retail Spaces & Tenant Improvement Projects, all built to defy Mother Nature. Structural Packages are also offered. Long-term value, lower energy costs & unbeatable structural resilience are just a few of the benefits of choosing commercial ICF.

### STRUCTURAL RESIDENTIAL ICF

Exterior residential building systems for luxury homes that are supremely energy efficient, sustainable & safeguarded against natural disasters. Our signature ICF structural packages can include site prep, foundations, footers and ICF walls. Our partners at Alaska Concrete Solutions also offer a complete array of ICF supply for contractors.

### PROPERTY DEVELOPMENT

Full-scale community development & civil construction work. Our portfolio includes new airport communities like Glacier View Estates in Knik-Fairview & Hatcher's Landing near Hatcher Pass. Whether your project requires earthwork or infrastructure, our team works fast & gets it done right.
